FOURTH EDITION

Africa Works! aims to target the European and African private sectors, knowledge institutions, NGO's and the Civil society. Participants can expect an array of workshops held by high-profile partners eager to share their experiences of building and powering future African Cities. There will also be opportunities to get involved in matchmaking. By choosing the Van Nelle Fabriek in Rotterdam as the venue, NABC hopes to link up with innovative and internationally oriented companies in the greater Rotterdam area. For the first time, Africa Works! will be co-organized along with the German-African Business Association, Afrika-Verein and NL-IB.

THEME

Rotterdam is positioning itself as a city of the future, making it the perfect location for the theme of "Future African Cities". The conference will be split into 2 days – the first day looking at *Building* African cities, and the second day focusing on *Powering* African cities. Entities will come together to create a platform where participants can establish significant business relations and discover new solutions and developments in the infrastructure and energy sectors of the African continent.

Africa Works! 2018

Building & Powering Future African Cities

19 & 20 September at Van Nelle Fabriek

BECOME A PARTNER!

Highlight your activities and find even more valuable contacts by becoming an event partner! These partner packages can ensure a company's presence and visibility during both days of the conference.

MATCHMAKING MARKETPLACE

On the second day of Africa Works! there will be an organized matchmaking opportunity. All registered participants will receive a link to our online matchmaking platform, inviting them to fill out a profile. Companies will be matched based on their preferences. Participants will receive their schedules, via e-mail on September 14th.

As an embassy, you will receive **2 free tickets**, and up to **5 free tickets** for incoming delegations (ministers, major company representatives). As for any other participants, prices are indicated below.

	1 DAY	2 DAYS
Members	€200	€250
Non-members	€250	€300

**The prices shown are excluding VAT*
